MINING, CIVIL, ENGINEERING AND
ASSET MAINTENANCE SPECIALISTS

ABOUT US

Locally owned. National reach. Industry trusted

Proudly Australian owned, JMS Group (JMS) specialises in the supply of services, including asset maintenance, fabrication, mechanical overhaul, project management and labour-hire to the mining, gas, civil and heavy industry sectors.

Established in 2009, we have diversified and grown our capabilities to meet the demand for delivery of high quality services at sites throughout Australia. We have a reputation for excellence and the timely delivery of products, services and labour. Above all, we pride ourselves on our overriding commitment to the safety and welfare of our employees and all those involved with JMS.

Our Head Office is located in Rockhampton, Queensland, in a purpose-built facility to accommodate our dedicated team of various trades and technicians. With our continuous improvement program and our progressive management team, JMS is primed to serve the needs of clients now and well into the future.

We are your engineering solution specialists

The JMS Management team, engineering professionals, as well as our broader team have extensive experience in the mining, resources, civil and heavy industry sectors enabling us to provide unsurpassed expertise, guidance and service. Our Director Brett Dixon, as well as the JMS Management Team, work closely with you to provide a client-focused relationship where we proactively work to anticipate present and future requirements.

Passionate about achieving quality outcomes which exceed client needs and challenges, we demonstrate this by ensuring we provide sustainable, value-adding solutions and engage people who are fully committed to the delivery of exceptional results, safely, on time and on budget. We go above and beyond what is expected at every opportunity!
